

This is to respectfully submit a clarification regarding **Criterion 1.2.1 – Number of Certificate / Value Added Courses offered and online courses of MOOCs, SWAYAM, NPTEL, etc., during the last five years.**

The institution humbly submits that **earlier, no MOOCs, SWAYAM, NPTEL, or structured value-added certificate courses were formally offered**, and hence there were **no recorded enrollments or completions** under these categories during that phase.

However, recognizing the growing importance of **skill-based learning, multidisciplinary exposure, and digital education**, the institution has taken significant initiatives in the **recent academic period** to strengthen this area. The following developments are noteworthy:

1. The institution has **recently become a Local Chapter of NPTEL**, enabling systematic promotion and facilitation of NPTEL online courses among students.
2. Through this initiative, **nearly 50 students have registered for NPTEL courses**, and the institution is actively supporting students in enrollment, mentoring, and completion of these courses.

These initiatives will be **expanded, documented, and institutionalized** in the coming years, and systematic records of enrollment and successful completion will be maintained for future assessments.

This submission is made for kind consideration and to place the factual position on record.
